

About Zavanti

Zavanti's focus is on supporting the global property sector, especially Australia and New Zealand, manage their assets with advanced, flexible and reliable software and support, implementation and integration services.

Our CRM and Housing solutions are built on the powerful MS Dynamics 365 platform delivered as cloud based solutions.

Zavanti software has been developed in Australia in response to customer needs and demands to improve project efficiency and profitability, adding confidence to your company's business decisions.

Built on over 30 years of product development experience, Zavanti is able to match existing and future customer needs with the latest software capabilities, providing the most comprehensively accurate and cost effective solutions to all of our customers, small or large.

Solutions For:

Property Development

All the tools needed for a successful on-time, on-budget project from feasibility, acquisition and development management, financial controls over all costs and revenues, sales and marketing campaigns and sales management processes.

Property Management

Single solution for all types of property commercial, retail, residential. Asset lifecycle management of whole portfolio down to component level, workflow maintenance tasks, SORs, mobile inspections, manage contractors including, compliance and Contractor Portal.

Housing Management

Zavanti Housing extends our Property Management solution to focus on the needs of the social and affordable housing sector. For social and affordable housing providers the system offers tenant management, planned and unplanned maintenance functions and regulatory requirements reporting for Australian and New Zealand NFP housing.

Building and Construction

Financials and accounting ensuring all costs are tracked and recovered with integrated user-configurable CRM

Professional Services

Advanced client and project management solution built on Microsoft Dynamics 365. Includes, time capture, invoicing and project task management.

Consulting Services

Wrapped around all our software solutions are a highly trained and tight-knit team of implementation, development and training consultants who come as part of your Zavanti implementation and are available on a needs basis to help with your next project and ongoing response to your needs.
